

This is a permit application recieved by the COGCC from Swepi (Shell). This well was approved in 2012. It is called the State Well. Now Shell is making major changes in the surface hole location and the bottom hole location. These changes have prompted SWEPI to submit a new permit application and terminate the original well. There is a 20 day period for public comment. Information on submitting a public comment is available on our county web site under Oil and Gas Information. For more information, go to the COGCC web site or contact the local government designee Dale Lyons at lgd@huerfanol.us or 719-738-1220 x107

Colorado Oil and Gas Conservation Commission eForms Alerts for 11/12/2013

Message

New regulatory forms were received today in your designated areas of concern. Please check out our web site, http://cogcc.state.co.us/COGIS_Help/LGDProcesseForm.pdf for further information.
