

This is the location permit application for the State Well. The drilling permit application notification was sent out earlier today. As with all permits, there is a 20 day period for the public to comment. A tutorial on public comment is on our county web site under Oil and Gas information. I can request a 10 day extension of the comment period from the COGCC if it is requested by our community.

A request for a consult with the Colorado Department of Public Health and environment may be requested by the Local Government designee (COGCC rule 306d) within 14 days of application notification (Nov 27). A consult "shall focus on identifying potential impacts to public health,safety, welfare or the environment from activities associated with the proposed oil and gas location"

Any questions? Go to the COGCC web site, or contact Dale Lyons at lgd@huerfano.us or 719-738-1220, x107

Colorado Oil and Gas Conservation Commission eForms Alerts for 11/13/2013

Message

New regulatory forms were received today in your designated areas of concern. Please check out our web site, http://cogcc.state.co.us/COGIS_Help/LGDProcesseForm.pdf for further information.
